**RACE CIRCUIT & DISTANCES:** The WGI long course is 3.4 miles; the short course is 2.45 miles. Minimum width is 36 ft. The event will be conducted on the short course on Friday and, barring unforeseen circumstances, on the long course the rest of the meet.

**DRIVER ELIGIBILITY:** The event is open to holders of all licenses eligible for regional competition as listed in the 2012 GCR, including SCCA Novice Permit holders with their Drivers' School requirements completed. In addition, holders of licenses listed in GCR section 3.1.5.C will be accepted on the same terms. Drivers must be SCCA members.

**CAR ELIGIBILITY:** NeDiv Club Racing class rules for the following classes can be found at the NeDiv website ([www.nediv.com](http://www.nediv.com)): SSM, CFC, and ITE. Entrants shall be able to provide a printed copy of their respective class rules to race officials. The organizer reserves the right to refuse entry. The ProIT is open to all classes listed in Section Two of the series rules. **The JTCC is open to all classes listed in Section T1 of the Series Rules.**

**TRANSPONDERS:** A functioning AMB transponder is required on each car. Transponders will be used for the Timing System only. Overall and class finishing positions will be determined by the Scoring System. Rechargeable units will be available in T&S for rental on a first come, first serve basis. Cars without functioning transponders during Enduro qualifying will start at the back of the field for that race. **Track records may only be set in race sessions using official timing equipment when both the start and end of the timed lap are timed electronically without manual intervention.**

**CREDENTIALS:** Registration will provide credentials for the Driver, Entrant, and a maximum four (4) Crew members per car. Driver/Entrant must supply the names of each person receiving a credential and those authorized to purchase overcrew passes. Proof of identity and age will be required.

**MINOR RESTRICTIONS:** Per WGI, NO ONE under the age of 18 will be permitted trackside, in the Pit areas, or on the False Grid during racing hours. All children MUST be under the direct supervision of their parents or legal guardians while on track property.

Hardship refunds (less a processing fee) will be considered after the event by the **Race Chair**, and only upon receipt of a request fully explaining your reason. The request must be dated no later than October 12, 2012. Such after-the-event refunds are only offered for exceptional circumstances, and should not be considered automatic. Garage fees and worker donations are non-refundable.

**Note:** If you reserve a garage and fail to show for the event without canceling, you will be billed.

**CANCELLATION OF EVENT:** If reasons beyond the control of the organizer force a cancellation, notice and a refund will be given to all accepted entries.

**NUMBER ASSIGNMENTS:** Competition numbers of one or two digits will be assigned upon acceptance of an entry. The Registrar reserves the right to assign numbers to avoid duplication within a race group. The Registrar will NOT issue car numbers until a valid application is received. 6. Split starts may be used at the discretion of the Chief Steward who will consider requests by the competitors in the group. Start Judges may be used.

#### **LAST CHANCE ENDURO – ADDITIONAL PROCEDURES**

1. The race length shall be the distance covered by the overall winning car in the four hours beginning between 12:30 and 1:00 pm (time approximate) and ending when the overall lead car crosses the finish line after four hours. Qualifying positions will be determined by the fastest lap set by the team during the qualifying session on Sunday. While every effort will be made to run the full four hours, the race may be shortened at the discretion of the Chief Steward.

2. Each team includes one car, a minimum of two / maximum of three drivers, and the crew members listed on the entry forms of those drivers. A driver may belong to only one team. Entries are limited to 62 cars on a first come first served basis by postmark/e-mail date of valid entries

3. Each driver must attend the scheduled mandatory drivers' meeting (attendance will be taken), and each driver must participate in part of the qualifying session. No driver may drive for more than two consecutive hours at a time.

4. Each car must complete two mandatory 5-minute pit stops, occurring on different laps, each commencing when the vehicle comes to a complete stop in its assigned pit space. These pit stops must be completed after the first 15 minutes and before the last 15 minutes of the race. The vehicle may not leave the pit stall until a full 5 minutes has expired. Additional pit stops may be made, but pit time is not accrued (i.e. two or more short pit stops will not satisfy the 5 minute requirement). If the race is shortened before the last 15 minutes, any vehicle that has not completed both mandatory pit stops will be assessed a 10 minute penalty for each incomplete pit stop.

5. Refueling is permitted. The driver must exit the car, the engine must be turned off, and the car must have all tires on the ground before the fuel cap may be removed from the tank or cell. The driver may not re-enter the vehicle until the fuel cap is replaced and secured. The refueling team will consist of two (2) persons wearing SFI approved fire suits, gloves, helmets with closed face shields or balaclava and goggles. All refueling equipment shall be subject to the approval of the Chief Steward. No overhead fuel rigs will be allowed. One person will refuel the car. The second will stand by the refueler with a minimum 10-lb. fire extinguisher. No other work may be performed on the car being fueled until fueling is complete and the cap is replaced and secured.

6. Jack stands (minimum 2) must be used any time a crew member is underneath the vehicle. Enduro Pit Marshals may require that substantial repairs be performed in the paddock. Repaired vehicles may return to competition via pit lane once repairs are completed with approval of the Chief Steward. Enduro Pit Marshals will be monitoring pit stops, and may require additional safety measures. Competitors must comply with all requests from the Enduro Pit Marshals.

7. The official clock will stop under a red flag condition. All work on cars already in the pits will be suspended. Timing of the mandatory pit stop shall resume when the red flag is dropped.

8. Track records cannot be set during the Enduro.

9. Pits are available on a first come/first served basis. Tom Weaver (Garage 2) will assign pits. Set up AFTER 10:00 AM.
